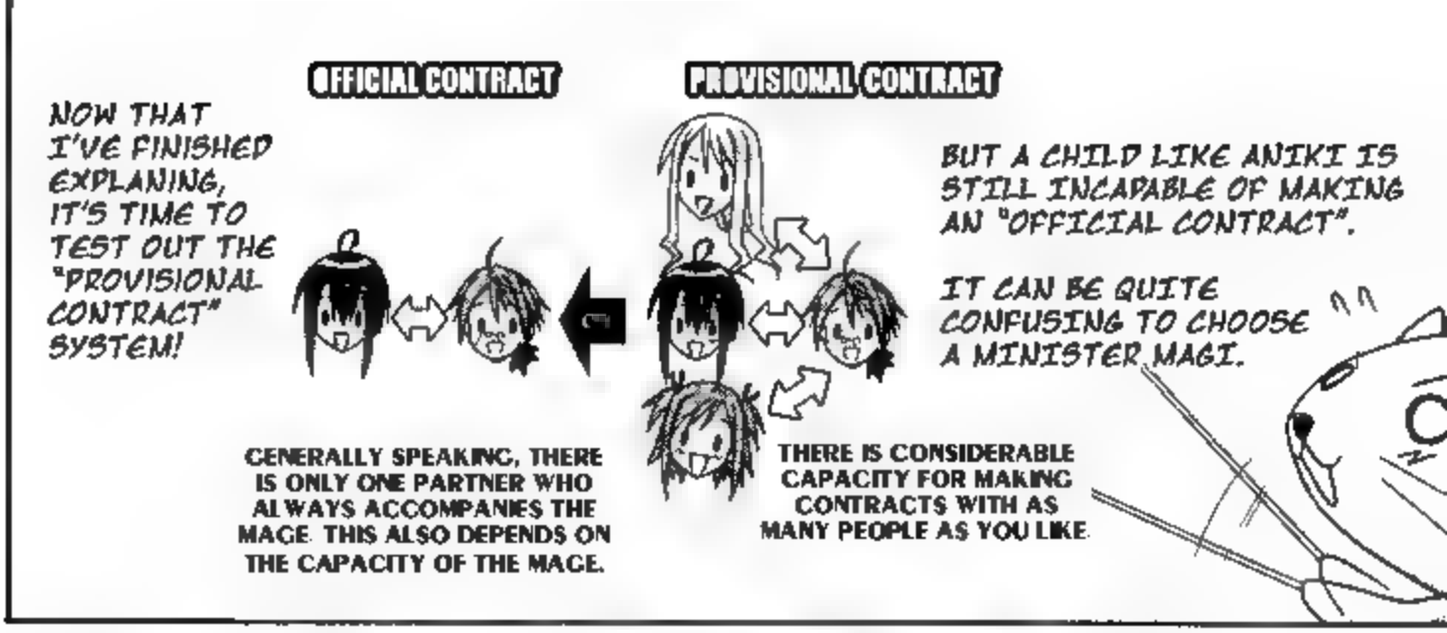
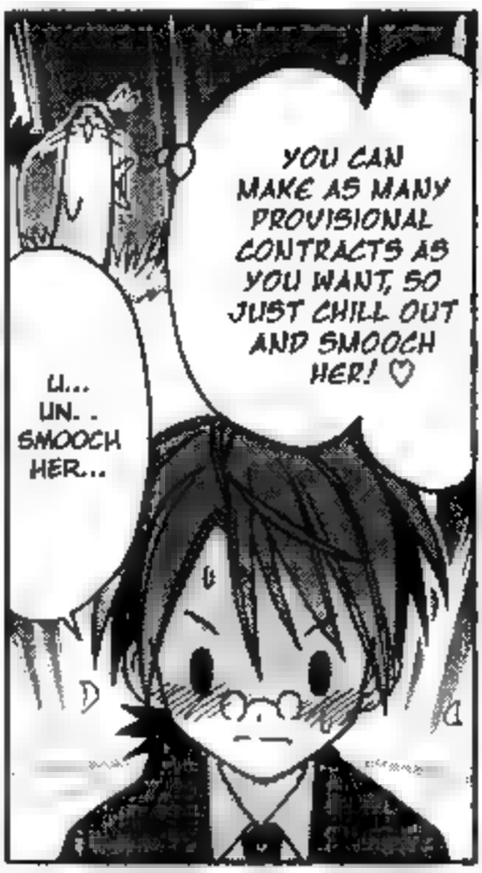
I MADE THIS MAGIC CIRCLE SO ! COULD MAKE A PROVISION-AL CONTRACT FOR HER TO BECOME YOUR PARTNER!
PROVI-SIONAL CON-TRACT !?
THAT'S RIGHT !!
THEIR APPEARANCE BECOMES HEALTHY, THEIR MUSCLES GROW AND THEIR ATHLETIC ABILITIES IMPROVE. THEIR OVERALL POWER INCREASES DRASTICALLY.
MAGIC POWER
POWER UP!
ONCE THE CONTRACT IS MADE, THE ONE WHO BECOMES THE MINISTER MAGI MUST PROTECT HIS OR HER MAGE. IN EXCHANGE, THE MINISTER MAGI'S PHYSICAL ABILITIES ARE ENHANCED MANY TIMES BY THE MAGIC FROM THE MAGE.
I... I SEE ...



OFFICIAL CONTRACT
PROVISIONAL CONTRACT
NOW THAT I'VE FINISHED EXPLANING, IT'S TIME TO TEST OUT THE "PROVISIONAL CONTRACT" SYSTEM!
BUT A CHILD LIKE ANIKI IS STILL INCAPABLE OF MAKING AN "OFFICIAL CONTRACT".
IT CAN BE QUITE CONFUSING TO CHOOSE A MINISTER MAGI.
GENERALLY SPEAKING, THERE IS ONLY ONE PARTNER WHO ALWAYS ACCOMPANIES THE MAGE. THIS ALSO DEPENDS ON THE CAPACITY OF THE MAGE.
THERE IS CONSIDERABLE CAPACITY FOR MAKING CONTRACTS WITH AS MANY PEOPLE AS YOU LIKE.

IT'S THE EASIEST WAY TO COMPLETE THE CONTRACT!
The other ways are too bothersome
EEEEEEEH!? SMOOCH HER... YOU MEAN... KISS HER!?



YOU CAN MAKE AS MANY PROVISIONAL CONTRACTS AS YOU WANT, SO JUST CHILL OUT AND SMOOCH HER! ♡

LEXICON NEGIMARIUM DE CANTU

— NEGIMA! SPELL COMPENDIUM —

[PERIOD 16TH]

■「11 spirits of Air, become the bonds which bind my enemy!
「MAGIC PROJECTILE: WIND ARROWS OF BINDING」」

(undecim spiritus aeriales,vinculum facti inimicum captent SAGITTA MAGICA,AER CAPTURAE.)

- A spell that uses air to restrain an enemy. As such, its offensive capabilities are low. It is not effective against experienced magic users like Evangeline.

■「「ICE SHIELD」」

(REFLEXIO.)

- A spell that deflects enemy magic by creating a magic shield. As Evangeline's specialty is ice magic, she can create a shield of ice. The original meaning of **REFLEXIO** is to reflect, much like the "**reflexion**" in English.

[PERIOD 17TH]

■「「FREEZE DISARM」」

(FRIGERANS EXARMATIO.)

- A spell that freezes only the things attached to one's body, shattering them and leaving them unarmed. This requires some complex magic. It can't shatter hard things like metal. At best, it can only blow them away.

■「「SUMMON AIR ELEMENTAL ALLIES BEARING ARMS」」

(EVOCATIO VALCYRIARUM CONTUBERNALIA GLADIARIA.)

- "Valcyriarum" is the latinized version of the Norse word "Valkyries", those who choose from amongst the dead. The elementals summoned by Negi are a form of dead spirits. As in the opera by Wagner, they are the popular maidens of Odin. In the original, they were addressed in gender-neutral terms. As such, they do not lead a proper existence. "**Age Capiant**" is an instruction to "catch".

■「「WINDFLOWER DISARM」」

(FLANS EXARMATIO.)

- This is probably the spell that appears the most in Negima. This blows all items carried by a person off them by summoning a strong wind, changing soft items such as cloth into flower petals. As the spell is only used to disarm an opponent, the person will not be blow away no matter how strong the wind is. When Negi sneezes the clothes off Asuna and the others, it is a form of this spell gone out of control. See period 1-2-5-6-12th. (Period 17th~)

[PERIOD 19TH]

■ Practe Bigi Nar

• This is an initiation key phrase for magic and as such is not actual. A proper initiation key is thought up by students upon graduation at a Magic Academy. **Practe Bigi Nar** is a key given to children to use while they practice.

■「『PROVISIONAL CONTRACT』」

(PACTIO)

• A spell used to create a provisional contract between a mage **(magus)** and a partner **(minister)**. By their own wills, both parties draw a part of themselves out from within. In addition to the words, a ritual must be observed. **PACTIO** itself does not contain the word "provisional". This is an accepted tradition. However, a so-called "Official Contract" allows stronger contract magic to be used. As a proof of contract, once made, the mage receives an item.

[PERIOD 20TH]

■「Activate the contract for 10 seconds for Kagurazaka Asuna, partner of Negi」

(sis mea pars per decem secundas ministra Negu Cagurazaca Asuna)

• An incantation to transfer magical energy to a magic's partner. This spell is for the Negi-Asuna combination. **Sis mea pars** means "You are a part of me". As long as the contract is incompleted, there is a limit to the amount of magic that can be transferred. Negi can only use the contract for 10 seconds. When the contract is completed, it maybe used for up to 90 seconds.
(per nonaginta secundas)

■「11 spirits of Light, gather unto me (and strike my enemy) 『MAGIC PROJECTILE BARRAGE: 11 ARROWS OF LIGHT』」

(Undecim spiritus lucis,cocuntes sagitent inimicum JSAGITTA MAGICA,SERIES LUCIS.)

• A basic combat spell. A type of light spell. **SERIES LUCIS** means "a series of light".

[PERIOD 22TH]

■「Maeve, Queen of the dream spirits, open the door unto her dream!」

(nympha somni,regina Maeve portam aperiens ad se me alliciat)

• A spell used to look into the dreams of someone who is sleeping. Maeve is a Queen from Celtic mythology, thought to be a spirit who rules over dreams.

■ Manmanterroterro

• The Thousand Master's initiation key phrase? He certainly has strange tastes.

■「『ATTENDANCE PERDITION』」

(INFERNUS SCHOLASTICUS)

• A bizarre kind of curse. Used long ago to force students who didn't go to school to attend. Evangeline has suffered for 15 years under this spell.

[PERIOD 23~25TH]

■「O Air, O Water, become as mist, bring the rest unto them! 『MISTS OF SLEEP』」

(aer et aqua facti nebula illis somnum brevem NEBULA HYPNOTICA.)

• A spell that creates a mist that causes sleep.

■ Lic Lac la Lac Lilac

• Evangel ne's initiation key phrase "Lilac" is a difficult to raise thick grow ng plant. It is said to bring ill fortune if one brings it into their home. It symbo izes "purity" and "f rst love"

■「17 spirits of Ice, gather unto me and slash apart my enemy!
「MAGIC PROJECTILE BARRAGE: 17 ARROWS OF ICE」」

(septendecim spiritus glaciales coeuntes inimicum concidant.SAGITTA MAGICA,SERIES GLACIALIS)

• An ice version of the "magic project le" spe.l. Attacks the enemy with many sharp icicles

■「「ICY EXPLOSION」」

(NIVIS CASUS)

• Causes a great mass of ice to suddenly appear in mid-air attack ng the enemy with both the wind and the cold. NIVIS CASUS means "Avalanche"

■「Spirits of Ice, I summon thee! Be as to fill the very air! Bring the frozen earth and rivers from the kingdom of arctic night!
「FROZEN EARTH」」

(veniant spiritus glaciales,extendantur aeri tundrum et glaciem loci noctis albae···CRYSTALLIZATIO TELLUSTRIS.)

• Attacks by caus ng a giant ic cle to erupt from the earth. If not avoided it can freeze one's feet to the ground and make one unable to move. A strong offensive spel. against enemies who can t fly

■「17 spirits of Wind, gather unto me...
「MAGIC PROJECTILE BARRAGE: 17 ARROWS OF THUNDER」」

(septendecim spiritus aeriales,coeuntes···SAGITTA MAGICA,SERIES FULGURALIS)

• A lightning version of the "magic projectile" spell. Stuns and weakens the enemy

■「29 spirits of Darkness...
「MAGIC PROJECTILE BARRAGE: 29 ARROWS OF DARKNESS」」

(undetriginta spiritus obscuri···SAGITTA MAGICA,SERIES OBSCURI)

• A shadow vers on of the "magic projectile" spel. Sends black projectile fly ng at the enemy

■「29 spirits of Light...
「MAGIC PROJECTILE BARRAGE: 29 ARROWS OF LIGHT」」

(undetriginta spiritus lucis···SAGITTA MAGICA,SERIES LUCIS.)

• The opposite of the above spel. The two spells differ only in the words "**obscuri**" shadow) and "**lucis**" (light)

■「O, wind of the South Seas! Ye who blows, clad in thunder, gather unto me, spirit of Wind! 「THUNDERING TEMPEST」」

(veniant spiritus aeriales fulgurientes,cum fulguratione flet tempestas austrina.JOVIS TEMPESTAS FULGURIENS)

• A spel. that creates l ghtning and a powerful hurr cane to assault the enemy. JOVIS was the k ng of the Roman god also known as Jupiter who used l ghtning as a weapon. Thus JOVIS TEMPESTAS FULGURIENS means "Jupiter's Lightning Storm"

■「O, frozen clouds which light the night! Ye whose blizzards are accompanied by darkness, gather unto me, spirits of Ice!
「BLIZZARD OF DARKNESS」」

(veniant spiritus glaciales obscurantes,cum obscuratione flet tempestas nivalis.NIVIS TEMPESTAS OBSCURANS.)

• A spell that attacks with both shadow and a powerful blizzard. Has many comparable points with the above spell. Evangel ne deliberately chooses th s spel. in order to clash w th Negi's. NIVIS TEMPESTAS OBSCURANS means "Snowstorm that brings Darkness"

■「O staff!」

(mea virga)

• An incantation used by Negi to call the staff given to him by the Thousand Master. **mea** means "My" and **virga** means "Wand"

「NEGIMA!」
ORIGINAL DESIGN MATERIAL COLLECTION

— Character original rough sketches —

[Evangeline A.K MacDowell]
A true mage. Age unknown. Short

Father was a secret agent. A skilled Magic user magical girl born in the West. Won't remove hat during class. Bears a grudge against the main character.

Differing eye, hair color.

Light, airy hair often seen in shoujo manga. I should research this later...

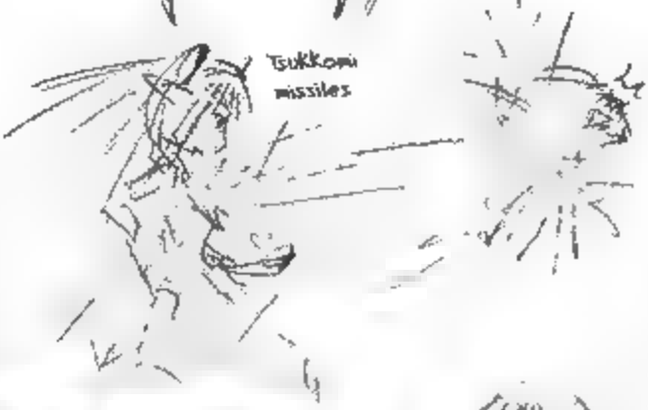
Evangeline's original character design. It's a bit... you know. (laugh.) I was going to make her skin darker, but it didn't go through with it. Her nickname within the studio is "the master".

NO.

A vain transformation into a magic staff

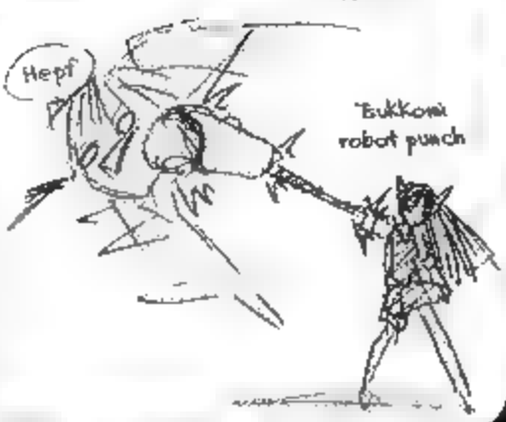
[Chachamaru]

A tea pouring combat android created for display by the Mechanics Research Society for the 2004 Cultural Festival. Wind-up powered. Made mostly from wood. Capabilities extended from just pouring tea.



During production, we created a "Model Zero". It basically ran on magic power. It seems the current Chachamaru is powered by science.

I used Yumeiro and M-6# as a guideline



NEGI MA!

*T/L note: I have no idea what series he's talking about here.

[A Word from the Author]

This is volume 3 of "Mahou Sensei Negima". Thanks for waiting!

Volume 3 was the first time I've used an entire volume just to tell one long story. We call it the "Evangeline chapter"!

This is the first truly strong opponent for Negi, an honors graduate from the Magic Academy, who up until now hasn't run into any real problems. Because of the many allies he meets and grows to depend on, it ended up running for quite some time. Just what is the secret of the Thousand Master who Negi is pursuing!? Just what is the partner and contract system!?

Usually, only 7 chapters would fit into one volume. But this time we've compiled 10, so there's plenty for you to enjoy. Anyway, please read it at your own pace! [laugh]

There's no time to even go to the toilet!!
Twitch
Auuuu... sorry...
Thanks for the serialisation break, but there aren't any days off!

...By the way, from Winter 2003 to Autumn 2004, there will be a series of big announcements! For details, please see the official site [Ailove Network]. You can even access it using your cell phone. My diary is updated daily!

Character Commentary

(20) Kaede Nagase (Ninja ?)

I definitely wanted a thin-eyed, blank-expression character like this. (laugh)

Apart from being blank, Kaede's other characteristics were [gentle] and [strong]. It seems like she has become quite popular.

She did well in the popularity contest!

As she gets along well with the twins, she is often asked out by the strolling club. She has breasts large enough to be proud of, despite only being in 3rd year of middle school. (^^;)

She is very stylish, but her grades are terrible.

(Maybe that's a good thing ?!)

Well then, see you in volume 4 !!
